

Candidate for the Managing Committee

Anup
Ajit
Sardesai

- Anup is a Mechanical engineer with an MBA and has over 2 decades of management experience in the sectors including logistics, mining, real estate, and manufacturing of medical equipment. He has experience in building businesses from scratch, & is also involved in mentoring young entrepreneurs with a focus on environmental sustainability.
- A sports and fitness enthusiast himself, Anup is a father of two kids who are upcoming talents in tennis. He and his family have been engaged with regular activities at BPS club and believe that the club functioning needs a change to include more sports and other activities, which are member oriented. He is confident that he can give a positive direction to your club's development, just like the way he has built his own businesses. If given an opportunity, he intends to use his expertise in operations management, team building and service optimization, to make this club a more attractive place for members and their kids.
