

## Candidate for the Managing Committee

Sanket  
R.  
Nayak

- Sanket is an alumnus of Goa Engineering College, Goa Institute of Management and CFA Institute, USA. For around 15 years he has been working with multinational companies and teams from across the globe, in Technology, Finance and Strategy sectors. Sanket is extremely passionate about sports, health, and fitness. He actively organizes and participates in various sports events in and outside BPS club and has also been part of socio-cultural events including student's organizations, community welfare camps and music / theatre groups.
- Over the years, Sanket has developed observational & analytical skills with a risk management mindset, which can contribute in operating your club in a better way. If elected, Sanket will focus to make your club's processes more structured with the help of technology integration and use his experience in sports and socio -cultural activities, to strategize and implement plans so that more members come to the club on regular basis. In the long run, using his experience in project finance, Sanket envisages changing your club's income generation model to a more self-sustaining one, that will promise to benefit members and their future generations.
